Plans for the Emergency Department:

Mission statement:

The Department of Emergency Medicine is dedicated to improving outcomes of acutely ill and injured patients through high quality, cost efficient care, education, and research, while maintaining a safe, respectful and non-discriminatory environment

Aims:

- To be the contact point for the first assessment and the initial treatment of all acutely ill and injured patients, including acute life threatening diseases
- To allow spatial integration of all specialties within the emergency room to jointly treat acute sick or acute injured patients
- To get the fastest possible diagnose and initial treatment according to evidence based guidelines, and to initiate targeted admission of the patient, if indicated
- To provide emergency medical ambulance service for the Al-Ain Hospital and the entire population of Al-Ain
- To provide a safe, respectful, and non-discriminatory environment of honesty and a no blame/no fear culture for all patients and staff member
